

Megalong Australian Heritage Centre is regarded as
"one of the best farmstay lodges in NSW"

There is over 2000 acres with vast stretches of pastureland and pristine wilderness areas of unsurpassed beauty of cliffs and rugged wilderness mountains.

Over 5km of the rugged Cox's River meanders through this unique property with huge chasms and canyons with warm sandy banks with deep water holes.

We like our guests to experience what makes our farmstay in the Blue Mountains famous worldwide. In the guesthouse there are 7 ensuited guests rooms which contain a double bed and 4 single beds in a rustic setting full of antiques with warm homely touches.

Or you can choose from our beautifully furnished Country Cottages for a perfect holiday retreat.

Guests can relax with a glass of wine under the willows in the Alfresco area and watch the activities around the stockyards-the geese waddling past one by one or the giant Draughthorses nibbling at the willow branches.

For a true Bush experience you can sit around the campfire for a cup of billy tea, learn a little about our woolly friends, crack a whip and enjoy a damper or sit at the "Outback Bar" relax with a cold beer and watch the hectic world pass you by. BBQ dinners are available as well as BBQ packs.

There are plenty of kangaroos in the paddocks and you can enjoy the many bushwalks through the rainforest or over to the lookout over the Cox's River Canyon with superb views into the beautiful Blue Mountains World Heritage National Park.

The first horse rides leaves around 9.30 and ambles across the property. Our trail rides on horseback are truly one of the most breathtaking in scenery to be ridden in Australia – they let our guests unwind and take in the isolation and remote wilderness unparalleled and so close to Sydney its hard to believe that it is only 90 minutes away..

We look forward to welcoming our guests into our Country Farmstay Lodge and sharing with them the pleasures that we have discovered here.

Your hosts Gary & Glenda Lane
